About “Hostel (Original Motion Picture Soundtrack)” 1 contributor

This is the soundtrack to Eli Roth’s 2006 slasher flick, one of the major successes of the “torture porn” wave that swept horror cinema in the mid-’00s. Strangely, this film with such cheap visuals is scored lavishly for a 75-piece orchestra. Composer Nathan Barr said that Roth wanted music that would hearken back to classic horror films such as *Psycho* and *The Shining*.
